

YJOM

Yemen Journal of Medicine

Volume - 3, Issue - 2, Year - 2024 (www.yjomonline.com)

Yemen Journal of Medicine (YJM) is an open-access, peer-reviewed, triannually journal published in English on behalf of a group of Yemeni physicians working inside and outside Yemen who looked at the contribution of Yemeni publications to the international medical literature and saw that a publication outlet was missing. To fill this gap, therefore, we launched YJM as a tool for transferring current medical knowledge to and from colleagues in developing countries, more...

Call for paper

We cordially invite faculty, researchers, and scholars to submission of your valuable contribution to our Upcoming issues. It is a double-blind, peer-review, and Open Access (OA) journal and accepts manuscripts as research papers, review articles, case reports, short communication, etc.

Manuscript Submission Guidelines

To submit your manuscript, first-time users click the Register button from the submission portal. If you are already a registered user, log in as an author and post your manuscript for further peer-review process. Manuscripts submitted for consideration and inclusion in upcoming issues must follow <https://www.yjomonline.com/info/author> and be submitted by **2025-01-11**.

The main content area features the title 'Manuscript Peer-Review Process' and a detailed description of the service. To the right of the text is an illustration of a person working at a desk with a laptop, surrounded by icons representing various aspects of the publication process. Below the main text, there is a section titled 'Why MPRP?' with a partially visible sentence: 'If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'.

Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is in-house product of IP Innovative Publication Pvt. Ltd. which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
